Quantity	Details	Unit Price (£)	Net Subtotal (£)
1:00 Hour	Plate heat exchanger Diverter valve  Labour To change these two parts I'm having to have a full draindown and literally will have to just about every component out of the boiler to replace these parts! Given the age and condition of the boiler this is going to cause more parts to break down..  I highly advise to replace boiler!  This is the 3rd time I've quoted boiler repair	780.00	780.00
GBP Total			£780.00
